

AMERICAN FORESTS

Over the past two decades, we have worked  
with partners around the world to plant

**50 Million Trees**

In more than 1000 Restoration Projects  
In All 50 States and 45 Countries

# Partnerships make it possible

AMERICAN FORESTS

# Greater Baltimore

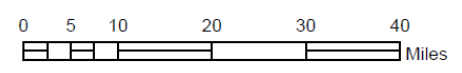

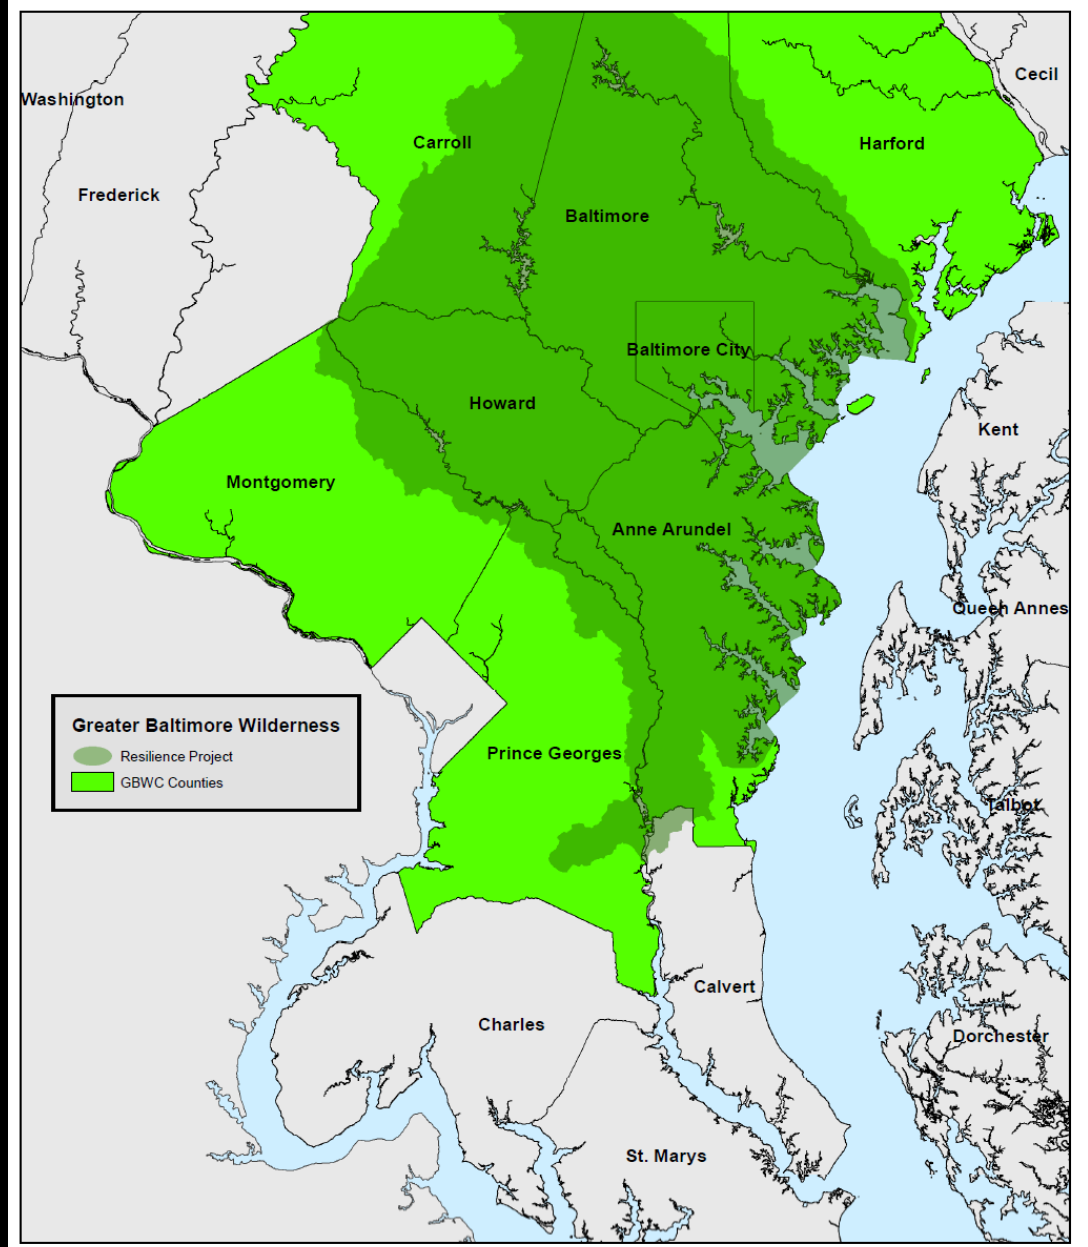

# Wilderness

Coalition

## Greater Baltimore Wilderness Coalition & Coastal Resilience Project

### Four Pillars:

- Resilience
- Biodiversity
- Equity
- Discovery

# Healthy Watersheds Consortium

- New 6 year grant program to accelerate the protection of healthy freshwater ecosystems and their watersheds
- Focus on protecting watershed lands in good condition and preventing deterioration.
- Partnership: U.S. Endowment for Forestry & Communities and EPA Office of Wetlands, Oceans, and Watersheds
- **Puget Sound Regional Council: Accelerating Watershed Protection in the Central Puget Sound Region. Regional Open Space Strategy. Watershed Protection Priorities. Integration with Growth Management Plans.**

# Partnerships: They're worth it

- Partnerships should be mutually reinforcing
- Partnerships take time
- Partnerships require coordination
- Partnerships make collective impact and 21<sup>st</sup> century conservation possible
