

National Park Service

Benefits of Parks

- Improve the health of Americans
- Improve access to outdoor recreation
- Improve the livability of our communities
- Improve and manage stormwater
- Improve economic conditions of a community

The background of the slide features a stylized, monochromatic illustration of a natural landscape. It includes a large, gnarled tree on the left, a winding river or path in the center, and a range of mountains in the background. The entire scene is rendered in a light tan color against a darker tan background. At the top of the slide, there is a solid black horizontal bar.

National Park Service

54 community assistance programs

- Rivers, Trails and Conservation Assistance
- Federal Historic Preservation Tax
- Groundwork Trusts and Green Teams
- Land and Water Conservation Fund
